Subject: RE: Northrop Grumman Operable Unit 2 - First Quarter 2015 Groundwater Monitoring Report
Attachments: removed.txt

Doug,

Good morning. Maybe another important agenda topic is the gross contradiction in the DEC allowing significantly reduced monitoring of the OU-2 MW network while at the same time the OU-2 plume continues to expand, threaten and surprise. We all need more data, not less. I commented when the DEC allowed reduced monitoring and was in essence ignored.

Thanks

Rich

Steve:

On behalf of Northrop Grumman, please find attached the First Quarter 2015 Groundwater Monitoring Report for Operable Unit 2. Those individuals not copied on this electronic transmission will receive a copy of the report via regular mail. Please contact us if you have questions or comments.

Thank you.

Dave
